| <b>Isotype</b>                     | IgG                                                                                                                                                                                                                                                                                              |
| <b>Conjugate</b>                   | Janelia Fluor 549                                                                                                                                                                                                                                                                                |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                                                                                                                                        |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                               |
| <b>Product Description</b>         |                                                                                                                                                                                                                                                                                                  |
| <b>Host</b>                        | Goat                                                                                                                                                                                                                                                                                             |
| <b>Gene ID</b>                     | 3604                                                                                                                                                                                                                                                                                             |
| <b>Gene Symbol</b>                 | TNFRSF9                                                                                                                                                                                                                                                                                          |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                                                            |
| <b>Specificity/Sensitivity</b>     | Detects mouse 4-1BB/TNFRSF9/CD137 in direct ELISAs and Western blots. In direct ELISAs, approximately 100% cross-reactivity with recombinant rat 4-1BB/TNFRSF9 is observed. In Western blots, less than 5% cross-reactivity with recombinant human 4-1BB and recombinant mouse EDAR is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant mouse 4-1BB/TNFRSF9/CD137 Val24-Leu187 Accession # P20334                                                                                                                                                                                        |
| <b>Notes</b>                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                                                                                            |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                                  |
| <b>Applications</b>                | Western Blot, Flow Cytometry, Immunohistochemistry, Agonist Activity, CyTOF-ready                                                                                                                                                                                                                |
| <b>Recommended Dilutions</b>       | Western Blot, Flow Cytometry, Immunohistochemistry, Agonist Activity, CyTOF-ready                                                                                                                                                                                                                |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                           |
