| <b>Storage</b>                     | Store at 4C in the dark.                                                                                                                                               |
| <b>Clonality</b>                   | Polyclonal                                                                                                                                                             |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                     |
| <b>Isotype</b>                     | IgG                                                                                                                                                                    |
| <b>Conjugate</b>                   | PerCP                                                                                                                                                                  |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                              |
| <b>Buffer</b>                      | PBS                                                                                                                                                                    |
| <b>Product Description</b>         |                                                                                                                                                                        |
| <b>Host</b>                        | Goat                                                                                                                                                                   |
| <b>Gene ID</b>                     | 1514                                                                                                                                                                   |
| <b>Gene Symbol</b>                 | CTSL1                                                                                                                                                                  |
| <b>Species</b>                     | Human                                                                                                                                                                  |
| <b>Specificity/Sensitivity</b>     | Detects human Cathepsin L in ELISAs and Western blots.                                                                                                                 |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Cathepsin L Glu113-Val333 Accession # P07711                                                                     |
| <b>Product Application Details</b> |                                                                                                                                                                        |
| <b>Applications</b>                | Western Blot, Immunohistochemistry, Immunoprecipitation, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair) |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry, Immunoprecipitation, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                 |
