| <b>Storage</b>                     | Store at 4C in the dark.                                                                                                                               |
| <b>Clonality</b>                   | Polyclonal                                                                                                                                             |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                     |
| <b>Isotype</b>                     | IgG                                                                                                                                                    |
| <b>Conjugate</b>                   | Janelia Fluor 646                                                                                                                                      |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                              |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                     |
| <b>Product Description</b>         |                                                                                                                                                        |
| <b>Host</b>                        | Goat                                                                                                                                                   |
| <b>Gene ID</b>                     | 11141                                                                                                                                                  |
| <b>Gene Symbol</b>                 | IL1RAPL1                                                                                                                                               |
| <b>Species</b>                     | Human                                                                                                                                                  |
| <b>Specificity/Sensitivity</b>     | Detects human IL1RAPL1 in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with recombinant human IL1RACP is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human IL1RAPL1 Leu19-Thr357 Accession # Q9NZN1                                                         |
| <b>Notes</b>                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                  |
| <b>Product Application Details</b> |                                                                                                                                                        |
| <b>Applications</b>                | Western Blot                                                                                                                                           |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                           |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                 |
