| Clonality                   | Monoclonal                                                                                                                                       |
| Clone                       | AD1.1.10R                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                               |
| Isotype                     | IgG1                                                                                                                                             |
| Conjugate                   | DyLight 350                                                                                                                                      |
| Purity                      | Protein A or G purified from cell culture supernatant                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                               |
| Product Description         |                                                                                                                                                  |
| Host                        | Mouse                                                                                                                                            |
| Species                     | Multi-Species                                                                                                                                    |
| Specificity/Sensitivity     | Detects proteins containing accessible consecutive histidine regions. The antibody detects His tags located at the amino- or carboxyl- terminus. |
| Immunogen                   | His-tagged peptide                                                                                                                               |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                |
| Product Application Details |                                                                                                                                                  |
| Applications                | Western Blot, Flow Cytometry, Immunoaffinity Purification                                                                                        |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunoaffinity Purification                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                           |
