**FAB098RA**

Angiopoietin-2 Antibody (85816R) [Allophycocyanin]

| Product Information         |                                                                                                            |
|-----------------------------|------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                     |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                |
| Storage                     | Store at 4C in the dark.                                                                                   |
| Clonality                   | Monoclonal                                                                                                 |
| Clone                       | 85816R                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                         |
| Isotype                     | IgG2a                                                                                                      |
| Conjugate                   | Allophycocyanin                                                                                            |
| Purity                      | Protein A or G purified from cell culture supernatant                                                      |
| Buffer                      | PBS                                                                                                        |
| Product Description         |                                                                                                            |
| Host                        | Mouse                                                                                                      |
| Gene ID                     | 285                                                                                                        |
| Species                     | Human                                                                                                      |
| Specificity/Sensitivity     | Detects human Angiopoietin-2 in direct ELISAs.                                                             |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Angiopoietin-2<br>Asp68-Phe496<br>Accession # O15123 |
| Product Application Details |                                                                                                            |
| Applications                | ELISA                                                                                                      |
| Recommended Dilutions       | ELISA                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                     |
