| Unit Size                   | 0.1 ml                                                                                                                                                             |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                                        |
| Storage                     | Store at 4C in the dark.                                                                                                                                           |
| Clonality                   | Monoclonal                                                                                                                                                         |
| Clone                       | 2505B                                                                                                                                                              |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                 |
| Isotype                     | IgG                                                                                                                                                                |
| Conjugate                   | PE                                                                                                                                                                 |
| Purity                      | Protein A or G purified from cell culture supernatant                                                                                                              |
| Buffer                      | PBS                                                                                                                                                                |
| Product Description         |                                                                                                                                                                    |
| Host                        | Rabbit                                                                                                                                                             |
| Specificity/Sensitivity     | Detects Teplizumab in Western blots and direct ELISAs. In Western blots, no cross-reactivity with Daclizumab, Basiliximab, Satumomab, and Alemtuzumab is observed. |
| Immunogen                   | Full-length Teplizumab                                                                                                                                             |
| Product Application Details |                                                                                                                                                                    |
| Recommended Dilutions       | Western Blot, Flow Cytometry                                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                             |
