| Clonality                   | Monoclonal                                                                                                                                      |
| Clone                       | 2623F                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                              |
| Isotype                     | IgG                                                                                                                                             |
| Conjugate                   | DyLight 650                                                                                                                                     |
| Purity                      | Protein A or G purified from cell culture supernatant                                                                                           |
| Buffer                      | 50mM Sodium Borate                                                                                                                              |
| Product Description         |                                                                                                                                                 |
| Host                        | Rabbit                                                                                                                                          |
| Species                     | Multi-Species                                                                                                                                   |
| Specificity/Sensitivity     | Detects proteins with Avi Tag in direct ELISAs and Western blots. In Western blots, no cross-reactivity with proteins with His Tag is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human OX40/TNFRSF4 Avi-tag                                                                      |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                               |
| Product Application Details |                                                                                                                                                 |
| Applications                | Western Blot, Neutralization                                                                                                                    |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                          |
