| Clonality                   | Monoclonal                                                                                                                                                                                                                             |
| Clone                       | 198314                                                                                                                                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                     |
| Isotype                     | IgG2a                                                                                                                                                                                                                                  |
| Conjugate                   | DyLight 680                                                                                                                                                                                                                            |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                             |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                     |
| Product Description         |                                                                                                                                                                                                                                        |
| Host                        | Mouse                                                                                                                                                                                                                                  |
| Gene ID                     | 2690                                                                                                                                                                                                                                   |
| Gene Symbol                 | GHR                                                                                                                                                                                                                                    |
| Species                     | Rat                                                                                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects rat Growth Hormone R/GHR in direct ELISAs and Western blots. In direct ELISAs and Western blots, 100% cross-reactivity with recombinant human GHR is observed, but no cross-reactivity with recombinant mouse GHR is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant rat Growth Hormone R/GHR Phe19-Arg265<br>Accession # P16310                                                                                                                            |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                      |
| Product Application Details |                                                                                                                                                                                                                                        |
| Applications                | Western Blot, Neutralization                                                                                                                                                                                                           |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                 |
