| Clone                       | 20409                                                                                                                                             |
| Preservative                | 0.05% Sodium Azide                                                                                                                                |
| Isotype                     | IgG1                                                                                                                                              |
| Conjugate                   | PE                                                                                                                                                |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                        |
| Buffer                      | PBS                                                                                                                                               |
| Product Description         |                                                                                                                                                   |
| Host                        | Mouse                                                                                                                                             |
| Gene ID                     | 6590                                                                                                                                              |
| Gene Symbol                 | SLPI                                                                                                                                              |
| Species                     | Human                                                                                                                                             |
| Specificity/Sensitivity     | Detects recombinant human SLPI in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant mouse SLPI is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human SLPI<br>Accession # P03973                                                                              |
| Product Application Details |                                                                                                                                                   |
| Applications                | Western Blot                                                                                                                                      |
| Recommended Dilutions       | Western Blot                                                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                            |
