**FAB1377A**

Granzyme H Antibody (185813) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.5 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 185813                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2b                                                                                       |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                        |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                  |
| Gene ID                 | 2999                                                                                                                                                                   |
| Gene Symbol             | GZMH                                                                                                                                                                   |
| Species                 | Human                                                                                                                                                                  |
| Specificity/Sensitivity | Detects human Granzyme H in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant mouse (rm) Granzyme D or rmGranzyme G is observed. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant human Granzyme H Glu19-Leu246<br>Accession # P20718                                                                    |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
