| Clonality                   | Monoclonal                                                                                                                                                |
| Clone                       | 227239                                                                                                                                                    |
| Preservative                | No Preservative                                                                                                                                           |
| Isotype                     | IgG2a                                                                                                                                                     |
| Conjugate                   | HRP                                                                                                                                                       |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                |
| Buffer                      | PBS                                                                                                                                                       |
| Product Description         |                                                                                                                                                           |
| Host                        | Mouse                                                                                                                                                     |
| Gene ID                     | 9982                                                                                                                                                      |
| Gene Symbol                 | FGFBP1                                                                                                                                                    |
| Species                     | Rat                                                                                                                                                       |
| Specificity/Sensitivity     | Detects rat FGF-BP in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human FGF-BP is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant rat FGF-BP<br>Glu21-Cys238<br>Accession # Q9QY10                                                          |
| Product Application Details |                                                                                                                                                           |
| Applications                | Western Blot                                                                                                                                              |
| Recommended Dilutions       | Western Blot                                                                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                    |
