| Gene ID                 | 5617                                                                                                                                                                                                                                  |
| Gene Symbol             | PRL                                                                                                                                                                                                                                   |
| Species                 | Mouse, Rat                                                                                                                                                                                                                            |
| Specificity/Sensitivity | Detects mouse and rat Prolactin in Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human Prolactin is observed.                                                                               |
| Immunogen               | <i>E. coli</i> -derived recombinant mouse Prolactin<br>Leu32-Cys228<br>Accession # CAA28018                                                                                                                                           |
| Notes                   | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
