IL-17RA/IL-17R Antibody (133621) [HRP]

| Product Information         |                                                                                                                             |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.5 ml                                                                                                                      |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                 |
| Storage                     | Store at 4C in the dark.                                                                                                    |
| Clonality                   | Monoclonal                                                                                                                  |
| Clone                       | 133621                                                                                                                      |
| Preservative                | No Preservative                                                                                                             |
| Isotype                     | IgG2b                                                                                                                       |
| Conjugate                   | HRP                                                                                                                         |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                  |
| Buffer                      | PBS                                                                                                                         |
| Product Description         |                                                                                                                             |
| Host                        | Mouse                                                                                                                       |
| Gene ID                     | 23765                                                                                                                       |
| Gene Symbol                 | IL17RA                                                                                                                      |
| Species                     | Human                                                                                                                       |
| Specificity/Sensitivity     | Detects human IL-17 RA/IL-17 R in ELISAs and Western blots.                                                                 |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human IL-17 RA/IL-17 R Leu33-Trp320<br>Accession # Q96F46                   |
| Product Application Details |                                                                                                                             |
| Applications                | Western Blot, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair) |
| Recommended Dilutions       | Western Blot, ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                      |
