| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                           |
| Isotype                     | IgG2b                                                                                                                                                                                                                        |
| Conjugate                   | Janelia Fluor 669                                                                                                                                                                                                            |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                   |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                                              |
| Host                        | Mouse                                                                                                                                                                                                                        |
| Gene ID                     | 3565                                                                                                                                                                                                                         |
| Gene Symbol                 | IL4                                                                                                                                                                                                                          |
| Species                     | Human                                                                                                                                                                                                                        |
| Specificity/Sensitivity     | Detects human IL-4 in Western blots. In Western blots, no cross-reactivity with recombinant mouse IL-4, recombinant porcine IL-4, recombinant cotton rat IL-4, recombinant rat IL-4, or recombinant human IL-13 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human IL-4<br>His25-Ser153<br>Accession # P05112                                                                                                                                         |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                        |
| Product Application Details |                                                                                                                                                                                                                              |
| Applications                | Western Blot, Neutralization                                                                                                                                                                                                 |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                       |
