| Isotype                     | IgG1                                                                                                                                                                                                                   |
| Conjugate                   | HRP                                                                                                                                                                                                                    |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                             |
| Buffer                      | PBS                                                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                                                        |
| Host                        | Mouse                                                                                                                                                                                                                  |
| Gene ID                     | 8771                                                                                                                                                                                                                   |
| Gene Symbol                 | TNFRSF6B                                                                                                                                                                                                               |
| Species                     | Human                                                                                                                                                                                                                  |
| Specificity/Sensitivity     | Detects human DcR3/TNFRSF6B in direct ELISAs and Western blots. In Western blots, no cross-reactivity with recombinant human (rh) Fas, rhOPG, rhTNF R2, rhTRAIL R1, rhTRAIL R2, rhTRAIL R3, or rhTRAIL R4 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human DcR3/TNFRSF6B Val24-His300<br>Accession # O95407                                                                                                                 |
| Product Application Details |                                                                                                                                                                                                                        |
| Applications                | Western Blot, Neutralization                                                                                                                                                                                           |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                 |
