| Clonality                   | Monoclonal                                                                                                                                                                               |
| Clone                       | 610615                                                                                                                                                                                   |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                       |
| Isotype                     | IgG2b                                                                                                                                                                                    |
| Conjugate                   | PE                                                                                                                                                                                       |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                               |
| Buffer                      | PBS                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                          |
| Host                        | Mouse                                                                                                                                                                                    |
| Gene ID                     | 5819                                                                                                                                                                                     |
| Species                     | Human                                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects human Nectin-2/CD112 in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant human (rh) Nectin-1, rhCD155/PVR, or recombinant mouse Nectin-2/CD112 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Nectin-2/CD112 Gln32-Gly360<br>Accession # Q92692                                                                                  |
| Product Application Details |                                                                                                                                                                                          |
| Applications                | Neutralization                                                                                                                                                                           |
| Recommended Dilutions       | Neutralization                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                   |
