| Specificity/Sensitivity     | Detects human CD25/IL-2 R $\alpha$ in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 4% cross-reactivity with recombinant human (rh) IL-2 R $\beta$ is observed and no cross-reactivity with rhIL-2 R $\gamma$ , rhIL-1 R $\alpha$ , rhIL-1 R $\beta$ , rhIL-4 R, rhIL-5 R $\alpha$ , rhIL-6 R, rhIL-7 R, rhIL-9 R, and rhIL-10 R is observed. |
| Immunogen                   | <i>S. frugiperda</i> insect ovarian cell line Sf 21-derived recombinant human CD25/IL-2 R $\alpha$<br>Glu22-Cys213<br>Accession # P01589                                                                                                                                                                                                                                       |

| Product Application Details |                                                                                                                                                                                                                                                                                                                                                                                |
| Applications                | Western Blot, Immunocytochemistry, Neutralization                                                                                                                                                                                                                                                                                                                              |
| Recommended Dilutions       | Western Blot, Neutralization, Immunocytochemistry                                                                                                                                                                                                                                                                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                                                                                         |
