| Clonality                   | Monoclonal                                                                                                                                                                                    |
| Clone                       | 330404                                                                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                            |
| Isotype                     | IgG2a                                                                                                                                                                                         |
| Conjugate                   | FITC                                                                                                                                                                                          |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                    |
| Buffer                      | PBS                                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                               |
| Host                        | Rat                                                                                                                                                                                           |
| Gene ID                     | 50859                                                                                                                                                                                         |
| Gene Symbol                 | SPOCK3                                                                                                                                                                                        |
| Species                     | Mouse                                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects mouse Testican 3/SPOCK3 in direct ELISAs and Western blots. In Western blots, approximately 30% cross-reactivity with recombinant human (rh) Testican 1 and rhTestican 3 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Testican 3/SPOCK3 Val26-Ile436<br>Accession # Q8BKV0                                                                                    |
| Product Application Details |                                                                                                                                                                                               |
| Applications                | Western Blot, Immunoprecipitation                                                                                                                                                             |
| Recommended Dilutions       | Western Blot, Immunoprecipitation                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                        |
