**FAB24901A**

Aminopeptidase P2/XPNEP2 Antibody (391131) [Allophycocyanin]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 391131                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Allophycocyanin                                                                             |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | PBS                                                                                         |

| Product Description     |                                                                                                                                                                                                           |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                                     |
| Gene ID                 | 7512                                                                                                                                                                                                      |
| Gene Symbol             | XPNEP2                                                                                                                                                                                                    |
| Species                 | Human                                                                                                                                                                                                     |
| Specificity/Sensitivity | Detects human Aminopeptidase P2/XPNEP2 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human XPNEP1 or recombinant mouse XPNEP2 is observed. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant human Aminopeptidase P2/XPNEP2<br>His22-Ala650<br>Accession # AAB96394                                                                                    |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Immunoprecipitation, Neutralization                      |
| Recommended Dilutions       | Western Blot, Immunoprecipitation, Neutralization                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
