| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                  |
| Isotype                     | IgG2b                                                                                                                                                                                                               |
| Conjugate                   | PE                                                                                                                                                                                                                  |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                          |
| Buffer                      | PBS                                                                                                                                                                                                                 |
| Product Description         |                                                                                                                                                                                                                     |
| Host                        | Rat                                                                                                                                                                                                                 |
| Gene ID                     | 4803                                                                                                                                                                                                                |
| Gene Symbol                 | NGF                                                                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                                                               |
| Specificity/Sensitivity     | Detects human pro- $\beta$ -NGF in Western blots. In direct ELISAs and Western blots, this antibody shows no cross-reactivity with recombinant mouse (rm) $\beta$ -NGF, rr $\beta$ -NGF, rhBDNF, rhNT-3, or rhNT-4. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human pro- $\beta$ -NGF<br>Glu19-Ala241<br>Accession # P01138                                                                                                                   |
| Product Application Details |                                                                                                                                                                                                                     |
| Applications                | Western Blot                                                                                                                                                                                                        |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                              |
