| Clonality                   | Monoclonal                                                                                                                                                                                                                                             |
| Clone                       | 395310                                                                                                                                                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                     |
| Isotype                     | IgG1                                                                                                                                                                                                                                                   |
| Conjugate                   | FITC                                                                                                                                                                                                                                                   |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                                             |
| Buffer                      | PBS                                                                                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                                                                                        |
| Host                        | Mouse                                                                                                                                                                                                                                                  |
| Species                     | Rat                                                                                                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects rat RELMy in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human (rh) Resistin, recombinant mouse (rm) Resistin, rmRELM $\alpha$ , rmRELM $\beta$ , or rhRELM $\beta$ is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant rat RELMy Asp24-Ser111<br>Accession # NP_853656                                                                                                                                                        |
| Product Application Details |                                                                                                                                                                                                                                                        |
| Applications                | Western Blot                                                                                                                                                                                                                                           |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                 |
