IL-18/IL-1F4 Antibody (314811) [PE]

| Product Information         |                                                                                               |
|-----------------------------|-----------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                     | Store at 4C in the dark.                                                                      |
| Clonality                   | Monoclonal                                                                                    |
| Clone                       | 314811                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                            |
| Isotype                     | IgG1                                                                                          |
| Conjugate                   | PE                                                                                            |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                    |
| Buffer                      | PBS                                                                                           |
| Product Description         |                                                                                               |
| Host                        | Mouse                                                                                         |
| Gene ID                     | 3606                                                                                          |
| Gene Symbol                 | IL18                                                                                          |
| Species                     | Canine                                                                                        |
| Specificity/Sensitivity     | Detects canine IL-18/IL-1F4 in direct ELISAs and Western blots.                               |
| Immunogen                   | <i>E. coli</i> -derived recombinant canine IL-18/IL-1F4<br>Tyr37-Ser193<br>Accession # Q9XSR0 |
| Product Application Details |                                                                                               |
| Applications                | Western Blot, Immunocytochemistry                                                             |
| Recommended Dilutions       | Western Blot, Immunocytochemistry                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                        |
