| Clonality                   | Monoclonal                                                                                                                                                                    |
| Clone                       | 319606                                                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                            |
| Isotype                     | IgG1                                                                                                                                                                          |
| Conjugate                   | Biotin                                                                                                                                                                        |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                    |
| Buffer                      | PBS                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                               |
| Host                        | Mouse                                                                                                                                                                         |
| Gene ID                     | 340168                                                                                                                                                                        |
| Gene Symbol                 | DPPA5                                                                                                                                                                         |
| Species                     | Human                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects human DPPA5/ESG1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human DPPA4 or recombinant mouse DPPA5. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human DPPA5/ESG1<br>Met1-Lys116<br>Accession # A6NC42                                                                                     |
| Product Application Details |                                                                                                                                                                               |
| Applications                | Western Blot                                                                                                                                                                  |
| Recommended Dilutions       | Western Blot                                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                        |
