| Clonality                   | Monoclonal                                                                                                                                                                   |
| Clone                       | 339319                                                                                                                                                                       |
| Preservative                | No Preservative                                                                                                                                                              |
| Isotype                     | IgG1                                                                                                                                                                         |
| Conjugate                   | HRP                                                                                                                                                                          |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                   |
| Buffer                      | PBS                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                              |
| Host                        | Rat                                                                                                                                                                          |
| Gene ID                     | 210535                                                                                                                                                                       |
| Gene Symbol                 | Gm12169                                                                                                                                                                      |
| Species                     | Mouse                                                                                                                                                                        |
| Specificity/Sensitivity     | Detects mouse TIM-5 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant mouse TIM-1, -2, -3, -4, or -6 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse TIM-5 Phe22-Gly161<br>Accession # NP_001156829                                                                         |
| Product Application Details |                                                                                                                                                                              |
| Applications                | Western Blot                                                                                                                                                                 |
| Recommended Dilutions       | Western Blot                                                                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                       |
