RBP4/Retinol-Binding Protein 4 Antibody (393006) [DyLight 594]

| Product Information         |                                                                                                                                                |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                         |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                    |
| Storage                     | Store at 4C in the dark.                                                                                                                       |
| Clonality                   | Monoclonal                                                                                                                                     |
| Clone                       | 393006                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                             |
| Isotype                     | IgG1                                                                                                                                           |
| Conjugate                   | DyLight 594                                                                                                                                    |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                                                                             |
| Product Description         |                                                                                                                                                |
| Host                        | Mouse                                                                                                                                          |
| Gene ID                     | 5950                                                                                                                                           |
| Gene Symbol                 | RBP4                                                                                                                                           |
| Species                     | Human                                                                                                                                          |
| Specificity/Sensitivity     | Detects human RBP4/Retinol Binding Protein 4 in ELISAs. In sandwich immunoassays, no cross-reactivity with recombinant mouse RBP4 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human RBP4/Retinol Binding Protein 4 Glu19-Leu201<br>Accession # P02753                        |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                              |
| Product Application Details |                                                                                                                                                |
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair)                                  |
| Recommended Dilutions       | ELISA Standard (Matched Pair), ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair)                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                         |
