**FAB3392H**

Activin RIIB Antibody (60408) [HRP]

| Product Information         |                                                                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                      |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                                 |
| Storage                     | Store at 4C in the dark.                                                                                                                    |
| Clonality                   | Monoclonal                                                                                                                                  |
| Clone                       | 60408                                                                                                                                       |
| Preservative                | No Preservative                                                                                                                             |
| Isotype                     | IgG1                                                                                                                                        |
| Conjugate                   | HRP                                                                                                                                         |
| Purity                      | Protein A or G purified from ascites                                                                                                        |
| Buffer                      | PBS                                                                                                                                         |
| Product Description         |                                                                                                                                             |
| Host                        | Mouse                                                                                                                                       |
| Gene ID                     | 93                                                                                                                                          |
| Gene Symbol                 | ACVR2B                                                                                                                                      |
| Species                     | Human                                                                                                                                       |
| Specificity/Sensitivity     | Detects human Activin RIIB in direct ELISAs and Western blots. Shows approximately 5% cross-reactivity with recombinant human Activin RIIA. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Activin RIIB Ser19-Thr134<br>Accession # CAA54671                                     |
| Product Application Details |                                                                                                                                             |
| Applications                | Western Blot                                                                                                                                |
| Recommended Dilutions       | Western Blot                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                      |
