| Clonality                   | Monoclonal                                                                                                                                                              |
| Clone                       | 309707                                                                                                                                                                  |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                      |
| Isotype                     | IgG1                                                                                                                                                                    |
| Conjugate                   | DyLight 488                                                                                                                                                             |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                              |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                      |
| Product Description         |                                                                                                                                                                         |
| Host                        | Mouse                                                                                                                                                                   |
| Gene ID                     | 4762                                                                                                                                                                    |
| Gene Symbol                 | NEUROG1                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                   |
| Specificity/Sensitivity     | Detects human Neurogenin-1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, no cross-reactivity with recombinant human Neurogenin-3 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Neurogenin <sup>1</sup> Ala145-His237<br>Accession # NP_006152                                                                |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                       |
| Product Application Details |                                                                                                                                                                         |
| Applications                | Western Blot                                                                                                                                                            |
| Recommended Dilutions       | Western Blot                                                                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                  |
