| Clonality                   | Monoclonal                                                                                                                                                                                                                  |
| Clone                       | 614115                                                                                                                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                          |
| Isotype                     | IgG1                                                                                                                                                                                                                        |
| Conjugate                   | DyLight 594                                                                                                                                                                                                                 |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                                                                             |
| Host                        | Mouse                                                                                                                                                                                                                       |
| Gene ID                     | 3667                                                                                                                                                                                                                        |
| Gene Symbol                 | IRS1                                                                                                                                                                                                                        |
| Species                     | Human                                                                                                                                                                                                                       |
| Specificity/Sensitivity     | Detects human IRS1 in direct ELISAs. In direct ELISAs, 100% cross-reactivity with recombinant mouse (rm) IRS1 (aa 898-1066) and no cross-reactivity with rmIRS1 (aa 13-113), rmIRS3, or recombinant human IRS2 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human IRS1<br>Ala801-Ala1020 (predicted)<br>Accession # P35568                                                                                                                          |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                           |
| Product Application Details |                                                                                                                                                                                                                             |
| Applications                | Western Blot                                                                                                                                                                                                                |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                      |
