Brevican Antibody (450613) [PE]

| Product Information         |                                                                                                                                        |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                                 |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                            |
| Storage                     | Store at 4C in the dark.                                                                                                               |
| Clonality                   | Monoclonal                                                                                                                             |
| Clone                       | 450613                                                                                                                                 |
| Preservative                | 0.05% Sodium Azide                                                                                                                     |
| Isotype                     | IgG1                                                                                                                                   |
| Conjugate                   | PE                                                                                                                                     |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                             |
| Buffer                      | PBS                                                                                                                                    |
| Product Description         |                                                                                                                                        |
| Host                        | Mouse                                                                                                                                  |
| Gene ID                     | 63827                                                                                                                                  |
| Gene Symbol                 | BCAN                                                                                                                                   |
| Species                     | Human                                                                                                                                  |
| Specificity/Sensitivity     | Detects human Brevican in direct ELISAs and Western blots. Also detects a truncated version of recombinant human Brevican (aa 23-649). |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Brevican isoform 1 Asp23-Pro911<br>Accession # AAH09117                          |
| Product Application Details |                                                                                                                                        |
| Applications                | Western Blot, Immunoprecipitation, Blockade of Receptor-ligand Interaction                                                             |
| Recommended Dilutions       | Western Blot, Immunoprecipitation, Blockade of Receptor-ligand Interaction                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                 |
