| Clonality                   | Monoclonal                                                                                                                                                                       |
| Clone                       | 422208                                                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                               |
| Isotype                     | IgG2b                                                                                                                                                                            |
| Conjugate                   | Biotin                                                                                                                                                                           |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                       |
| Buffer                      | PBS                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                  |
| Host                        | Mouse                                                                                                                                                                            |
| Gene ID                     | 284340                                                                                                                                                                           |
| Gene Symbol                 | CXCL17                                                                                                                                                                           |
| Specificity/Sensitivity     | Detects human CXCL17/VCC□1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 25% cross-reactivity with recombinant mouse CXCL17 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human CXCL17/VCC□1<br>Leu24-Leu119<br>Accession # Q6UXB2                                                                                     |
| Product Application Details |                                                                                                                                                                                  |
| Recommended Dilutions       | Western Blot, Intracellular Staining by Flow Cytometry, Immunocytochemistry, CyTOF-ready                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                           |
