ILK Antibody (443208) [DyLight 680]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 443208                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2b                                                                                       |
| Conjugate           | DyLight 680                                                                                 |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                    |
|-------------------------|------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                              |
| Gene ID                 | 3611                                                                               |
| Gene Symbol             | ILK                                                                                |
| Species                 | Human, Mouse, Rat                                                                  |
| Specificity/Sensitivity | Detects human, mouse, and rat ILK in Western blots.                                |
| Immunogen               | <i>E. coli</i> -derived recombinant human ILK<br>Met1-Lys452<br>Accession # Q13418 |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.  |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
