| Clonality                   | Monoclonal                                                                                                                                                                                    |
| Clone                       | 568318                                                                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                            |
| Isotype                     | IgG2b                                                                                                                                                                                         |
| Conjugate                   | DyLight 650                                                                                                                                                                                   |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                    |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                               |
| Host                        | Mouse                                                                                                                                                                                         |
| Gene ID                     | 347731                                                                                                                                                                                        |
| Gene Symbol                 | LRRTM3                                                                                                                                                                                        |
| Species                     | Human                                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects human LRRTM3 in direct ELISAs. In direct ELISAs, 100% cross-reactivity with recombinant mouse (rm) LRRTM3 and no cross-reactivity with recombinant human LRRTM1, 2, or 4 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human LRRTM3<br>Glu31-Lys419<br>Accession # Q86VH5                                                                                            |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                             |
| Product Application Details |                                                                                                                                                                                               |
| Applications                | Immunohistochemistry                                                                                                                                                                          |
| Recommended Dilutions       | Immunohistochemistry                                                                                                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                        |
