RelA/NFκB p65 Antibody (465003) [DyLight 350]

| Product Information         |                                                                                                 |
|-----------------------------|-------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                          |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.     |
| Storage                     | Store at 4C in the dark.                                                                        |
| Clonality                   | Monoclonal                                                                                      |
| Clone                       | 465003                                                                                          |
| Preservative                | 0.05% Sodium Azide                                                                              |
| Isotype                     | IgG2a                                                                                           |
| Conjugate                   | DyLight 350                                                                                     |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                      |
| Buffer                      | 50mM Sodium Borate                                                                              |
| Product Description         |                                                                                                 |
| Host                        | Rat                                                                                             |
| Gene ID                     | 5970                                                                                            |
| Gene Symbol                 | RELA                                                                                            |
| Specificity/Sensitivity     | Detects human RelA/NFκB p65 in direct ELISAs.                                                   |
| Immunogen                   | <i>E. coli</i> -derived recombinant human RelA/NFκB p65<br>Met1-Thr254<br>Accession # NP_068810 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.               |
| Product Application Details |                                                                                                 |
| Recommended Dilutions       | Intracellular Staining by Flow Cytometry, CyTOF-ready                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                          |
