Annexin A6 Antibody (686921) [Dylight 350]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 686921                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | DyLight 350                                                                                 |
| Purity              | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                                                                                         |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                                                                                                   |
| Gene ID                 | 309                                                                                                                                                                                     |
| Gene Symbol             | ANXA6                                                                                                                                                                                   |
| Species                 | Human                                                                                                                                                                                   |
| Specificity/Sensitivity | Detects human Annexin A6 in direct ELISAs and Western blots. In Western blots, no cross-reactivity with recombinant human Annexin A1, A2, A3, A4, A8, A9, A10, A11, or A13 is observed. |
| Immunogen               | <i>E. coli</i> -derived recombinant human Annexin A6<br>Ala2-Asp673<br>Accession # P08133                                                                                               |
| Notes                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                       |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Immunohistochemistry                                     |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
