| <b>Clonality</b>                   | Monoclonal                                                                                                                                             |
| <b>Clone</b>                       | 562615                                                                                                                                                 |
| <b>Preservative</b>                | No Preservative                                                                                                                                        |
| <b>Isotype</b>                     | IgG2b                                                                                                                                                  |
| <b>Conjugate</b>                   | HRP                                                                                                                                                    |
| <b>Purity</b>                      | Protein A or G purified from hybridoma culture supernatant                                                                                             |
| <b>Buffer</b>                      | PBS                                                                                                                                                    |
| <b>Product Description</b>         |                                                                                                                                                        |
| <b>Host</b>                        | Mouse                                                                                                                                                  |
| <b>Gene ID</b>                     | 5100                                                                                                                                                   |
| <b>Gene Symbol</b>                 | PCDH8                                                                                                                                                  |
| <b>Species</b>                     | Human                                                                                                                                                  |
| <b>Specificity/Sensitivity</b>     | Detects human Protocadherin-8 in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant human Protocadherin-1, -10, or -15 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Protocadherin-8<br>Lys30-Thr479<br>Accession # O95206                                            |
| <b>Product Application Details</b> |                                                                                                                                                        |
| <b>Applications</b>                | Immunocytochemistry                                                                                                                                    |
| <b>Recommended Dilutions</b>       | Immunocytochemistry                                                                                                                                    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                 |
