**FAB5500K**

TREML4/TLT-4 Antibody (817914) [DyLight 488]

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.1 ml                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C in the dark.                                                                    |
| <b>Clonality</b>     | Monoclonal                                                                                  |
| <b>Clone</b>         | 817914                                                                                      |
| <b>Preservative</b>  | 0.05% Sodium Azide                                                                          |
| <b>Isotype</b>       | IgG2a                                                                                       |
| <b>Conjugate</b>     | DyLight 488                                                                                 |
| <b>Purity</b>        | Protein A or G purified from hybridoma culture supernatant                                  |
| <b>Buffer</b>        | 50mM Sodium Borate                                                                          |

**Product Description**

|                                |                                                                                                       |
|--------------------------------|-------------------------------------------------------------------------------------------------------|
| <b>Host</b>                    | Rat                                                                                                   |
| <b>Gene ID</b>                 | 285852                                                                                                |
| <b>Gene Symbol</b>             | TREML4                                                                                                |
| <b>Species</b>                 | Mouse                                                                                                 |
| <b>Specificity/Sensitivity</b> | Detects mouse TREML4/TLT-4 in ELISAs.                                                                 |
| <b>Immunogen</b>               | Mouse myeloma cell line NS0-derived recombinant mouse TREML4/TLT-4 Gly25-Pro195<br>Accession # Q3LRV9 |
| <b>Notes</b>                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                     |

**Product Application Details**

|                              |                                                                        |
|------------------------------|------------------------------------------------------------------------|
| <b>Applications</b>          | Flow Cytometry, CyTOF-ready                                            |
| <b>Recommended Dilutions</b> | Flow Cytometry, CyTOF-ready                                            |
| <b>Application Notes</b>     | Optimal dilution of this antibody should be experimentally determined. |
