| Clonality                   | Monoclonal                                                                                                                                                                     |
| Clone                       | 631438                                                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                             |
| Isotype                     | IgG2b                                                                                                                                                                          |
| Conjugate                   | Janelia Fluor 525                                                                                                                                                              |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                             |
| Product Description         |                                                                                                                                                                                |
| Host                        | Mouse                                                                                                                                                                          |
| Gene ID                     | 4825                                                                                                                                                                           |
| Gene Symbol                 | NKX6-1                                                                                                                                                                         |
| Species                     | Human                                                                                                                                                                          |
| Specificity/Sensitivity     | Detects human NKX6.1 in direct ELISAs and Western blots. In direct ELISAs, no cross-reactivity with recombinant human NKX2E, 2.2, 3.1 or recombinant mouse NKX3.1 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human NKX6.1<br>Met1-Pro120<br>Accession # P78426                                                                                          |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                          |
| Product Application Details |                                                                                                                                                                                |
| Applications                | Immunocytochemistry                                                                                                                                                            |
| Recommended Dilutions       | Immunocytochemistry                                                                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                         |
