| Isotype                     | IgG1                                                                                                                                                                                                                       |
| Conjugate                   | Biotin                                                                                                                                                                                                                     |
| Purity                      | Protein A or G purified from ascites                                                                                                                                                                                       |
| Buffer                      | PBS                                                                                                                                                                                                                        |
| Product Description         |                                                                                                                                                                                                                            |
| Host                        | Mouse                                                                                                                                                                                                                      |
| Gene ID                     | 3458                                                                                                                                                                                                                       |
| Gene Symbol                 | IFNG                                                                                                                                                                                                                       |
| Species                     | Rat                                                                                                                                                                                                                        |
| Specificity/Sensitivity     | Detects rat IFN- $\gamma$ in Western blots. In Western blots, this antibody shows less than 1% cross-reactivity with recombinant mouse (rm) IFN $\square$ $\gamma$ and no cross-reactivity with rhIFN $\square$ $\gamma$ . |
| Immunogen                   | <i>E. coli</i> -derived recombinant rat IFN- $\gamma$<br>Gln23-Cys156<br>Accession # P01581                                                                                                                                |
| Product Application Details |                                                                                                                                                                                                                            |
| Applications                | Western Blot, Neutralization                                                                                                                                                                                               |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                     |
