Lymphotoxin-alpha/TNF-beta Antibody (5807R) [DyLight 550]

| Product Information         |                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                   |
| Storage                     | Store at 4C in the dark.                                                                                                      |
| Clonality                   | Monoclonal                                                                                                                    |
| Clone                       | 5807R                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                            |
| Isotype                     | IgG2a                                                                                                                         |
| Conjugate                   | DyLight 550                                                                                                                   |
| Purity                      | Protein A or G purified from cell culture supernatant                                                                         |
| Buffer                      | 50mM Sodium Borate                                                                                                            |
| Product Description         |                                                                                                                               |
| Host                        | Mouse                                                                                                                         |
| Gene ID                     | 4049                                                                                                                          |
| Species                     | Human                                                                                                                         |
| Specificity/Sensitivity     | Detects human Lymphotoxin $\alpha$ /TNF $\beta$ in ELISAs.                                                                    |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Lymphotoxin- $\alpha$ /TNF $\beta$                                                  |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                             |
| Product Application Details |                                                                                                                               |
| Applications                | ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair), ELISA Standard (Matched Pair), Neutralization |
| Recommended Dilutions       | ELISA Standard (Matched Pair), Neutralization, ELISA Capture (Matched Antibody Pair), ELISA Detection (Matched Antibody Pair) |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                        |
