BMP-6 Antibody (719040) [FITC]

| Product Information         |                                                                                                       |
|-----------------------------|-------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.           |
| Storage                     | Store at 4C in the dark.                                                                              |
| Clonality                   | Monoclonal                                                                                            |
| Clone                       | 719040                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                    |
| Isotype                     | IgG2b                                                                                                 |
| Conjugate                   | FITC                                                                                                  |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                            |
| Buffer                      | PBS                                                                                                   |
| Product Description         |                                                                                                       |
| Host                        | Rat                                                                                                   |
| Gene ID                     | 654                                                                                                   |
| Gene Symbol                 | BMP6                                                                                                  |
| Species                     | Mouse                                                                                                 |
| Specificity/Sensitivity     | Detects mouse BMP-6 in ELISAs.                                                                        |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant mouse BMP-6 Met1-His510<br>Accession # P20722 |
| Product Application Details |                                                                                                       |
| Applications                | Neutralization                                                                                        |
| Recommended Dilutions       | Neutralization                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                |
