GATA-3 Antibody (634913) [Janelia Fluor® 669]

| Product Information         |                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                      |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                     | Store at 4C in the dark.                                                                    |
| Clonality                   | Monoclonal                                                                                  |
| Clone                       | 634913                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                          |
| Isotype                     | IgG2b                                                                                       |
| Conjugate                   | Janelia Fluor 669                                                                           |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer                      | 50mM Sodium Borate                                                                          |
| Product Description         |                                                                                             |
| Host                        | Mouse                                                                                       |
| Gene ID                     | 2625                                                                                        |
| Gene Symbol                 | GATA3                                                                                       |
| Species                     | Human, Mouse                                                                                |
| Specificity/Sensitivity     | Detects human and mouse GATA-3 in Western blots.                                            |
| Immunogen                   | <i>E. coli</i> -derived recombinant human GATA-3<br>Pro135-Ser258<br>Accession # P23771     |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.       |
| Product Application Details |                                                                                             |
| Applications                | Western Blot, Immunohistochemistry, Dual RNAscope ISH-IHC, Immunocytochemistry              |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry, Dual RNAscope ISH-IHC              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                      |
