DNAM-1/CD226 Antibody (102511) [Janelia Fluor® 585]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 102511                                                                                      |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG1                                                                                        |
| Conjugate           | Janelia Fluor 585                                                                           |
| Purity              | 0                                                                                           |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                   |
|-------------------------|-------------------------------------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                                                             |
| Gene ID                 | 10666                                                                                                             |
| Gene Symbol             | CD226                                                                                                             |
| Species                 | Human                                                                                                             |
| Specificity/Sensitivity | Detects human DNAM-1/CD226 in direct ELISAs and Western blots.                                                    |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant human DNAM-1/CD226 Glu19-Asn247 (predicted)<br>Accession # Q15762 |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                             |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready, Neutralization              |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Neutralization, CyTOF-ready              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
