| Host                    | Mouse                                                                                                                                                                                                                                                                                                                                                                                                         |
| Gene ID                 | 6423                                                                                                                                                                                                                                                                                                                                                                                                          |
| Gene Symbol             | SFRP2                                                                                                                                                                                                                                                                                                                                                                                                         |
| Species                 | Human                                                                                                                                                                                                                                                                                                                                                                                                         |
| Specificity/Sensitivity | Detects human sFRP-2 in direct ELISAs and Western blots. In direct ELISAs, 100% cross-reactivity with recombinant mouse (rm) sFRP-2 is observed and no cross-reactivity with recombinant human (rh) sFRP-1 or rhsFRP-5 is observed. In Western blots, no cross-reactivity with rhsFRP-1, -4, -5, or rmsFRP-2 is observed. 100% cross-reactivity with rhsFRP-3 is observed under non-reducing conditions only. |
| Immunogen               | Mouse myeloma cell line NS0-derived recombinant human sFRP-2<br>Leu25-Cys295<br>Accession # Q96HF1                                                                                                                                                                                                                                                                                                            |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Western Blot                                                           |
| Recommended Dilutions       | Western Blot                                                           |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
