Themis Antibody (701010) [Janelia Fluor® 585]

| Product Information         |                                                                                                                         |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                  |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                             |
| Storage                     | Store at 4C in the dark.                                                                                                |
| Clonality                   | Monoclonal                                                                                                              |
| Clone                       | 701010                                                                                                                  |
| Preservative                | 0.05% Sodium Azide                                                                                                      |
| Isotype                     | IgG2a                                                                                                                   |
| Conjugate                   | Janelia Fluor 585                                                                                                       |
| Purity                      | 0                                                                                                                       |
| Buffer                      | 50mM Sodium Borate                                                                                                      |
| Product Description         |                                                                                                                         |
| Host                        | Mouse                                                                                                                   |
| Gene ID                     | 387357                                                                                                                  |
| Gene Symbol                 | THEMIS                                                                                                                  |
| Species                     | Human                                                                                                                   |
| Specificity/Sensitivity     | Detects human Themis in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant mouse Themis is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Themis<br>Ala2-Pro282<br>Accession # Q8N1K5                                   |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                   |
| Product Application Details |                                                                                                                         |
| Applications                | CyTOF-ready, Intracellular Staining by Flow Cytometry                                                                   |
| Recommended Dilutions       | Intracellular Staining by Flow Cytometry, CyTOF-ready                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                  |
