| Clone                       | 704323                                                                                                                                                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                    |
| Isotype                     | IgG1                                                                                                                                                                                                                                  |
| Conjugate                   | FITC                                                                                                                                                                                                                                  |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                                                            |
| Buffer                      | PBS                                                                                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                                                                       |
| Host                        | Mouse                                                                                                                                                                                                                                 |
| Gene ID                     | 147381                                                                                                                                                                                                                                |
| Gene Symbol                 | CBLN2                                                                                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                                                                                 |
| Specificity/Sensitivity     | Detects human Cerebellin-2 in direct ELISAs. In direct ELISAs, 100% cross-reactivity with recombinant human (rh) Cerebellin-1 and rhCerebellin-4 is observed, and approximately 50% cross-reactivity with rhCerebellin-3 is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant human Cerebellin-2 Arg50-Leu224<br>Accession # Q8IUK8                                                                                                                         |
| Product Application Details |                                                                                                                                                                                                                                       |
| Applications                | Immunohistochemistry                                                                                                                                                                                                                  |
| Recommended Dilutions       | Immunohistochemistry                                                                                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                |
