| Clone                       | 699811                                                                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                               |
| Isotype                     | IgG1                                                                                                                                                                                             |
| Conjugate                   | Biotin                                                                                                                                                                                           |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                                       |
| Buffer                      | PBS                                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                                  |
| Host                        | Mouse                                                                                                                                                                                            |
| Gene ID                     | 9217                                                                                                                                                                                             |
| Gene Symbol                 | VAPB                                                                                                                                                                                             |
| Species                     | Rat                                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects rat VAP-B in direct ELISAs and Western blots. In direct ELISAs, 100% cross-reactivity with recombinant human (rh) VAP-B and approximately 50% cross-reactivity with rhVAP-A is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant rat VAP-B<br>Ala2-Pro132<br>Accession # Q9Z269                                                                                                               |
| Product Application Details |                                                                                                                                                                                                  |
| Applications                | Western Blot, Immunohistochemistry                                                                                                                                                               |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                           |
