IFN-gamma Antibody (770626) [DyLight 650]

| IFN-gamma Antibody (770626) [DyLight 650] |   |
|---|---|
| Product Information                       |   |
| Unit Size                                 | 0.1 ml  |
| Concentration                             | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                                   | Store at 4C in the dark.  |
| Clonality                                 | Monoclonal  |
| Clone                                     | 770626  |
| Preservative                              | 0.05% Sodium Azide  |
| Isotype                                   | IgG1  |
| Conjugate                                 | DyLight 650   |
| Purity                                    | Protein A or G purified from hybridoma culture supernatant                                  |
| Buffer                                    | 50mM Sodium Borate  |
| Product Description                       |   |
| Host                                      | Mouse   |
| Gene ID                                   | 3458  |
| Gene Symbol                               | IFNG  |
| Species                                   | Feline  |
| Specificity/Sensitivity                   | Detects feline IFN□γ in direct ELISAs.  |
| Immunogen                                 | E. coli-derived recombinant feline IFN□γ<br>Gln24-Lys167<br>Accession # P46402              |
| Notes                                     | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.           |
| Product Application Details               |   |
| Applications                              | Immunocytochemistry   |
| Recommended Dilutions                     | Immunocytochemistry   |

| Recommended Dilutions | Immunocytochemistry  |
|-----------------------|--|
| Application Notes     | Optimal dilution of this antibody should be experimentally determined. |
|                       |  |
|                       |  |
