IFN-beta Antibody (2036A) [Janelia Fluor® 646]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | 2036A                                                                                       |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG                                                                                         |
| Conjugate           | Janelia Fluor 646                                                                           |
| Purity              | Protein A or G purified from cell culture supernatant                                       |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description     |                                                                                                                      |
|-------------------------|----------------------------------------------------------------------------------------------------------------------|
| Host                    | Rabbit                                                                                                               |
| Gene ID                 | 3456                                                                                                                 |
| Species                 | Human                                                                                                                |
| Specificity/Sensitivity | Detects human IFN $\alpha$ $\beta$ in direct ELISAs.                                                                 |
| Immunogen               | Chinese hamster ovary cell line CHO-derived recombinant human IFN $\alpha$ $\beta$ Met1-Asn187<br>Accession # P01574 |
| Notes                   | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Flow Cytometry, Immunocytochemistry                                    |
| Recommended Dilutions       | Flow Cytometry, Immunocytochemistry                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
