**FAB8649A**

Inhibin alpha Antibody (58608) [Allophycocyanin]

| Product Information         |                                                                                                                               |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                        |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                   |
| Storage                     | Store at 4C in the dark.                                                                                                      |
| Clonality                   | Monoclonal                                                                                                                    |
| Clone                       | 58608                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                            |
| Isotype                     | IgG1                                                                                                                          |
| Conjugate                   | Allophycocyanin                                                                                                               |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                    |
| Buffer                      | PBS                                                                                                                           |
| Product Description         |                                                                                                                               |
| Host                        | Mouse                                                                                                                         |
| Gene ID                     | 3623                                                                                                                          |
| Gene Symbol                 | INHHA                                                                                                                         |
| Species                     | Human                                                                                                                         |
| Specificity/Sensitivity     | Detects human Inhibin A in direct ELISAs. In direct ELISAs, no cross-reactivity with recombinant human Activin A is observed. |
| Immunogen                   | Peptide on N-terminus of human Inhibin A protein<br>Accession # P08476                                                        |
| Product Application Details |                                                                                                                               |
| Applications                | Western Blot                                                                                                                  |
| Recommended Dilutions       | Western Blot                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                        |
