**FAB8650B**

IL-12 R beta 2 Antibody (918102) [Biotin]

| Product Information         |                                                                                                           |
|-----------------------------|-----------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                    |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.               |
| Storage                     | Store at 4C in the dark.                                                                                  |
| Clonality                   | Monoclonal                                                                                                |
| Clone                       | 918102                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                        |
| Isotype                     | IgG2b                                                                                                     |
| Conjugate                   | Biotin                                                                                                    |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                |
| Buffer                      | PBS                                                                                                       |
| Product Description         |                                                                                                           |
| Host                        | Rat                                                                                                       |
| Gene ID                     | 3595                                                                                                      |
| Gene Symbol                 | Il12rb2                                                                                                   |
| Species                     | Mouse                                                                                                     |
| Specificity/Sensitivity     | Detects mouse IL-12 R $\beta$ 2 in direct ELISAs.                                                         |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse IL-12 R $\beta$ 2 Met1-Asn637<br>Accession # P97378 |
| Product Application Details |                                                                                                           |
| Applications                | Blockade of Receptor-ligand Interaction                                                                   |
| Recommended Dilutions       | Blockade of Receptor-ligand Interaction                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                    |
